THEME

- **The Divine Feminine** – A sacred energy from the divine spirit within us, that connects with the body, with nature, and with the cycles of creation and transformation. This energy is not about gender, is not biological and is not primarily related to motherhood.
- Embracing your divine feminine energy is about finding strength in your own softness and challenging society's idea of what it means to be empowered. There is no right or wrong way to connect with this sacred part of your consciousness, so use your creative medium to start exploring and share with us your creative vision of the Divine Feminine Energy.
