PRESTIGE AWARDS 2023/24

Unwavering dedication to Activism
and Excellence in the Arts!

ARTS ORGANISATION OF THE YEAR

ART from HEART

ART from HEART is a non-profit art organisation that curates, organises and manages large multidisciplinary group art exhibitions and events advocating for socio-cultural causes. Founded in 2019 by artists Beatriz Perez and Judit Prieto, the organisation delivers an array of art-related services, including graphic design, copywriting, and curatorial solutions for a swathe of group, solo and virtual exhibitions alongside festivals, performances, book launches and fundraising events.

The judges praised ART from HEART's 'Activism' approach, which has played a pivotal role in amplifying important voices highlighting contemporary socio-cultural issues. By nurturing an inclusive community of creators and investing in charities that align with its overarching cause, the organisation is driving a better future through the power of artistic collaboration.
